WOMAN'S WORK IN WORLD'S REDEMPTION

An Address Delivered by Rev.
James Vernon, of Hen-
derson, Ky.

TO THE C. W. B. M. IN THIS CITY.

(Continued from last issue.)

For ages, like Issachar of old, she crouched beneath such burdens as statecraft on the one hand and priest-craft on the other chose to lay upon her. The priest swore her to obedience and the lawyer decided that husband and wife were one and the one was the husband. Her heart must not feel the wrong, nor her eyes see them, nor her tongue tell them, nor her hand redress them.

All the old civilizations of Egypt, Assyria, India, Persia, Greece and Rome denied that woman had any love or a human equality with man.

Among the Brahmins of today, not a girl marries at six years of age she has no chance for a hereafter. If she is not married at seven she is a degraded being, and if she is an old maid at ten all of her family for ten generations will go to hell. If she loses her husband—often some aged Brahmin old enough to be her great grandfather, she becomes the most wretched creature known as a Hindu widow, the slave and drudge the rest of her life for her husband's relations.

A recent census of India shows 80,000 widows not ten years of age. Within the memory of some now living, such used to burn themselves alive along with the body of their husbands. Buddhism is the religion of Tibet and large portions of China and Japan. Edwin Arnold in "In Light of Asia" has attempted to glorify Gautama, the founder of the Buddhist faith, but Buddhism says "the sins of one woman are more than the sins of thirteen thousands men." She is called a tempter, a snare, an unclean thing, and an obstacle to peace and holiness. The ideal character of Buddhism is a man who combines in himself the characteristics of a monk, a celibate and a beggar. The woman has no soul and her only chance to get one is to be born again and the next time a man. In those countries a wife must walk at least ten steps behind her husband lest her foretop should pollute his holy shadow.

If a father has a dozen daughters and no son and you ask him how many children he has he will answer, "I have no children."

Buddhism says if a man does not tell lies the next time he is born he will have perfect sense, white teeth and a sweet breath, and the ascetic who performs such a high and holy service to mankind as never eating before twelve o'clock, and never sleeping on a high and luxurious bed, shall never be born again a woman or a slave. The next thing to be born a woman is to be born a filthy or persecuted animal, such as an intestinal parasite, a piece of organic matter or to be born into one of the one hundred and thirty-six hells located in the center of the earth, in any one of which the shortest sentence is ten millions of years.

In every Buddhist country woman is unwelcome as a babe, untaught as a child, unloved as a wife, unprotected as a widow, unmourned as dead and denied both a heaven and a soul.

Intelligencia de Tousis said, "The condition of woman is worse than that of all human beings. If a woman survives the attack,

man is favored by fortune he becomes a ruler or wins fame on the battle field, and if the gods have decreed him misfortune he dies a fair death, but the joys of woman are narrowly compassed. She is given unasked in marriage, often to strangers, and when destruction falls upon her home she is dragged out of the ruins to a fate worse than death."

Thuyshiede said, "Woman is more evil than the storm tossed wave; than the fall of the wild oastaract. It it was a god who created woman, let him know that he is the unhappy author of the greatest ills."

Oato advised that in order to avoid annoyances women be kept in entire servility. Plato said: "The state is disorganized and slaves are disobedient to their masters and wives are equal with their husbands."

Aristotle spoke of woman as being of an inferior kind and under the later laws of Rome a woman could inherit property, but she must hold it under a guardian and could not dispose of it without his consent.

In Roman law woman was always a minor and for centuries the right of divorce belonged to the husband alone.

Mohammed devoted one book of the Koran to woman; I read it pretty carefully in Giles' translation and noticed one decent thing in it. He says, "If ye be kind to women and do them no wrong God is not unmindful of what ye do." But it sanctions polygamy, giving the man four lawful wives and as many concubines as he can support or make support him!

It gives him the right to whip his wife and divorce her at will.

It contains no intimation that woman has a soul and there is not a real human woman in its sensual heaven.

Society Happenings

Quite a number of our young folks enjoyed a straw ride Friday night.

An impromptu dance at Webb's hall was largely attended Thursday night.

Miller and Ben Evans and Ned Spillman attended a lawn party given by Miss Elma Smith, in Madisonville, Thursday night.

The following ladies attended a reception Friday afternoon by Mrs. E. L. Hart, of Madisonville, given to the U. D. O. C.: Mesdames P. B. Davis, J. R. Rash, Robt. Fenwick, D. W. Umstead and Miss Mollie Whalen. They all report an elegant time. Delightful refreshments were served and business of the order transacted.

Paying For Coal Rights.

L. B. Henry went to Providence to meet some eastern capitalists who are taking up and paying for a few tracts of the 40,000 acres recently sold by Mr. Henry. He says other payments will be made in a few days. This will be good news to the people all over this county who sold their coal rights. If these coal rights are all taken up at good prices this country will enjoy an era of money prosperity, not known here for many years.

Dixon Journal.

New York, July 30.—John G. Carlisle, secretary of the treasury in President Cleveland's administration, is in a critical condition here today, following an attack of heart trouble. He is 74 years old, and is not expected to survive the attack.

Macon sat in the 6th century BC.

PROMINENT CITIZEN PASSES AWAY

J. R. Mills, of Madisonville, Joins the Ranks of the Silent Majority.

WAS WELL KNOWN IN THIS CITY.

Sunday morning at 9 o'clock J. R. Mills of Madisonville, one of the best known citizens of this county, passed away from earthly scenes suddenly, while in the performance of some household duty. Mr. Mills was ill some days ago, but had apparently recovered and was able to be up around the house. His death was entirely unexpected, as he had made no complaint of feeling ill Sunday morning.

He has been a consistent member of the Baptist church for years, and was prominent in church work. Possibly with the exception of one or two he was the most prominent ex-Confederate soldier in the county, and was an officer in the camp of veterans.

He leaves a wife, one son, Will T. Mills, four daughters, Mrs. W. J. Nisbet, Mrs. C. G. Ong, Misses Pearl and Johnnie Mills. Mr. Mills was born in February, 1844, and married twice. His first wife was Mrs. Barnhill, and one son, Mr. C. L. Mills, still living, was the result of that union. His last wife was Miss Peachie Thomas, of Cadiz, Ky. He has one brother, Mr. Jesse P. Mills, of Poughkeepsie, N. Y., and one sister, Mrs. J. Y. Brown, of Providence.

The burial will take place at the Old Friends Cemetery, Madisonville, Tuesday. As has been said numberless times in the past can justly be said of him, "A good man gone home."

(Continued in next issue.)

SLAYER OF KELNER GIRL ARRESTED.

Janitor is Found in San Francisco and Long Chase is Ended.

San Francisco Cal., July 30.—Joseph Wendling, the church janitor of Louisville, Ky., who is accused of having killed eight-year-old Alma Kellner, whose body was found buried beneath the church, was arrested here yesterday. Wendling, after being placed in the sweat box, admitted his identity.

He will be taken back to Louisville as soon as extradition papers can be secured.

Wendling's arrest, following the discovery of the body of the little girl months after she disappeared, is expected to clear up one of the most baffling mysteries of years.

KENTUCKY BOYS

Who Will Enter the Naval Academy.

Baltimore, Md., July 30.—The new fourth class of midshipmen to enter the Naval Academy at Annapolis and which numbers 208 members, has been completed. They are, however, a few candidates yet to be examined physically or who have already been examined and will be allowed a re-examination, having failed on account of some slight defect which may be remedied. The class will not certainly contain more than 215 members and may not go over 210. These admitted from Kentucky are: Allen W. Ashbrook, of Lexington; William Dew Austin, of Charley; Henry P. Burnett, of Shelbyville; Ralph T. Meacham, of Hopkinsville; and Frank G. Foreman, of Hart-

LOSSES DUE TO FLOODS REACHES INTO MILLIONS

Rainfall of 5 to 5.27 inches Causes Serious Damage to Kentucky Crops and Railroads.

Louisville, Ky., July 30.—Following heavy rains in Louisville and many sections of the State there was a precipitation of nearly one inch in this city today.

It has rained in this section of the state nearly every day for five weeks, and the damage of crops is mounting high, some authorities placing the loss to farms and railroads thus far this year \$3,000,000.

The was a rainfall of 5.27 inches at Beaver Dam, Ky., yesterday. Earlinton reports 8.17, Bowling Green 1.80, Owensboro 1.73 and Bardstown 1.12.

AT FORT HARRISON

Kentucky Troops to Go Into Annual Encampment Near Indianapolis.

Lexington, Ky., July 28.—An encampment was made here to day by officers returning from the school of instruction at Ft. Benjamin Harrison, near Indianapolis, that the Second Regiment, Kentucky State-Guard, would go into annual encampment on September 12, and that Fort Benjamin Harrison had been decided on as the place for the encampment. The splendid field of 3,000 acres for maneuvering purposes belonging to the Government there, was the principal inducement for holding the encampment there.

Mystery in Poisoning of 102.

Joplin Mo., July 29.—Twenty-two new cases of phomone poisoning were reported to the board of health here today, making the total number reported to the last week 102. Two deaths have resulted and several victims are in dangerous condition.

Mortons Gap Items

Mrs. J. M. Kington, one of our Sabbath school teachers of the Baptist church, held her class meeting with her third oldest daughter's birthday party Wednesday from 2 to 5 o'clock at her home. Twenty little girls and boys were present, besides several grown folks. Cake and cream were plentifully served, after which the little folks enjoyed a good romp. Mrs. Kington brought forth a large basket of freshly popped corn, which was a delightful addition to cake and cream.

Mrs. Kington has been a member of the Baptist church since last October, and was ever a church worker, but loving most to teach the little folks, of which she is the mother of four girls.

May we have more self-denying Christians like Mrs. Kington.

MRS. LATHAM SUES TO RE- COVER NIGHT RIDER LOSS

Will Ask City of Hopkinsville for \$25,000 in Federal Court.

Hopkinsville, Ky., July 30.—Mrs. John C. Latham, of New York, has employed United States Senator William O. Bradley, of Kentucky, to sue the city of Hopkinsville in the Federal Court for the value of her late husband's \$25,000 warehouse, which was destroyed by night riders during the raid of December 7, 1907. The building was on the site which Mr. Latham, in his will, left to the city as a public park. The contents were removed, followers or

A BAND OF COUNTERFEITERS

Seem to Be at Work in Western Kentucky—One Arrest is Made.

NEW COUNTERFEIT TEN-DOLLAR BILL MAKES APPEARANCE

Paducah, Ky., Aug. 1.—That Paducah has been the headquarters of a gang of counterfeiters, is the belief of A. S. Donnella, United States secret service operative for Kentucky, who left for Louisville Thursday night, after obtaining important evidence from A. N. McElveen, under arrest here charged with counterfeiting. Will Hawkins, chief witness against McElveen, failed to appear Friday at the examining trial, and his arrest has been ordered.

Within the last few days the treasury department at Washington has issued a general warning to the effect that a new counterfeit ten-dollar bill has made its appearance in Kentucky. Donella would not say whether McElveen's arrest was in connection with the running down of the spurious bill or otherwise bad money.

EXPLOSION HURTS THREE MEN

Employees of Contractors Building L. & N. Road Near Empire.

Hopkinsville, Ky., July 30.—James Teague, Buck Souders and a man named Martin, workers in a construction camp engaged in the revision work on the Louisville & Nashville railroad near Empire, were injured by a prematurely exploded blast. The men were close to the blast when it fired, and their injuries were caused by flying rocks. Teague and Souders were the most seriously injured, both sustaining bad wounds all over their bodies. Martin was only slightly injured. Teague has been taken to his home at Goodlettsville, Tenn.

MINER'S FOES OF GOMPERS

Believe His Retirement Would be a Good Thing For the Laboring Classes.

Denver, Col., Aug. 1.—Members of the Western Federation of Miners bitterly attacked President Samuel Gompers of the American Federation of Labor today, declaring that his retirement would be the best thing that could happen for working people.

Left Diamonds in Toilet Room.

Evansville, Ind., July 30.—A diamond ring, left beside a wash basin in the L. & N. railroad station, two days ago, by Miss Eleanor D. Gordon, of Madisonville, Ky., was taken, the matron in the room says, a minute after Miss Gordon left the room, by a well dressed woman.

The police are working on the case.

Miss Gordon has written to L. & N. officials that she will not prosecute the woman that took her ring, if it is returned, and that she will pay a reward.

Shig Guns Slaughter Fish.

New York, July 29.—Thousands of dead fish floating in from the scene of the practice meet of the North Atlantic battle ship fleet of States, Island are threatening to put a temporary stop to bathing at the beaches along the shore. One of the beaches has been temporarily closed and the others may have to follow suit.

Big game action is blamed for the death of the fish.

EARLINGTON MAN BUYS INTEREST

In Madisonville Business Enterprise Many Changes Will be Made.

Dr. A. O. Sisk, a well known citizen of this city and his brother Ben Sisk, of Madisonville, have purchased the building and stock of books, stationery, etc., from their father, Mr. W. H. Sisk, of Silent Run. The consideration and terms of trade are private. The firm will be "The Sisk Brothers' Book Company," and Ben Sisk, who has had about fifteen years experience in the business will be manager of the concern. The stock will be added to and several other necessary changes will be made in the arrangement of the store. Dr. A. O. Sisk is too well and favorably known in this city and country for comment to be made. The Bee extends to the new firm best wishes for future success.

CRIPPEN'S SON BETRAYED HIM

Wireless Gets in Good Work, and Arrest will Follow.

Farther Point, Que., July 30.—A safety-pin was the clew which led to "John Robinson and son" being identified as Dr. H. H. Crippen and Miss Ethel Clare Le Neve aboard the steamer Montrose, according to wireless messages from the ship today. At the same time Inspector Dow, who came from Scotland Yard to be in at the finish of the world-famous chase, announced that the identification of the man and girl now was considered positive.

Spirited Away to Eddyville.

Elizabethown, Ky., July 30.—Rufus Browder, who was given a life sentence yesterday for the murder of James Cunningham, was brought here yesterday at noon to escape mob violence. He was taken to Cecilia through alleys last night and sent to Eddyville.

Of Interest to Fans

Several people from Madisonville were at the ball game here between Providence and Earlinton Thursday.

The game of baseball Thursday at the park between Earlinton and Providence was a very close game. The score was 5 to 0 in favor of the visitors. The feature of the game was the excellent batting by the Providence boys. Come again, boys, and we will be in better shape to interest you.

Dies by His Own Hand.

W. S. Moore, one of the wealthiest and foremost citizens of Christian county, shot himself Thursday afternoon while walking in a woodland near his home. Just before the shot was fired two of his farm hands saw him coming toward them and heard the shot.

When the negroes, who were too scared to investigate for themselves, had brought help, he was dead, with a pistol wound just over his heart.

No reason can be assigned for his suicide, and it is believed the shot was accidental. The coroner's verdict was that the wound was self inflicted, but stated the evidence given at the inquest did not show whether the shooting was intentional.

Mr. Moore was about sixty years of age, and a member of the Episcopal church. He is survived by three daughters, Mrs. S. U. Woodbridge, Miss Lizzie Tyler Moore and Miss Louise

The Bee Man Says

"You do not count for much unless people know about you. The tree that falls in the forest lies unnoticed, and the rose that blooms far from the beaten path wastes its sweet-ness on the desert air."

ADVERTISE

A New York writer says:

"W. J. Bryan after twenty years' leadership of the Democratic party in Nebraska, has been defeated on the county option plank. Liquor has been the ruin of many a good man."

A man holding an important position with the biggest sewing machine in the country says his company is running at full capacity, and that they expect 1911 to be a banner year. Maybe this means that more people will make their own clothes—economy with prosperity.

JUSTICE MOODY TO RETIRE

Decides Not to Return to the United States Supreme Court Bench.

Magnolia, Mass., July 30.—Associate Justice William M. Moody of the Supreme Court will retire. He will take advantage of the act passed by Congress at the last session, for he has come to the conclusion that he can no longer take up his duties.

Church Run Grocery To Raise Money For Building Fund.

Washington, Ind., July 27.—To raise funds for a new church, the congregation of the Second Methodist Episcopal Church has opened a grocery store. J. H. Hopewell's store has been bought, and the pastor, the Rev. William Hogan, has been put in charge. The name has been changed to the "Square Deal Grocery." The preacher has conducted a grocery before.

"Do you intend to continue selling cigars and chewing tobacco?" he was asked.

"Yes, we must do it, for that is considered a part of the business."

Statue of Lincoln in Kentucky State House.

Frankfort, Ky., July 28.—A \$16,000 heroic size statue of Pres. Lincoln is to be placed in the rotunda of the first floor of the new capital. J. B. Seeped, of Louisville, has decided to present the statue with such a statue and the contract has already been made with the sculptor who designed the statue of Lincoln erected at Hodgenville, Ky., Lincoln's birthplace.

Kentucky Postmasters Meet in Lexington, Ky., July 30.—Fourth class Postmasters from all over the State are in annual convention here today with about sixty members of association present. President James A. Barnes, of Owingsville, is in the chair.

Free Tuition,

All eligible persons are entitled to free tuition in the Western Kentucky State Normal School. The fall session begins September 6, 1910. Write President H. H. Oberly, Bowling Green, for information.

News of the Mines

Brent Hart, coal operator at Providence, was in the city Sunday.

Jas. Blanks, superintendent of the Victoria mines, was in the city Friday.

Messrs. Kimmel and Brasher spent several days last week at the Fox Run mines.

Henry Harris, who has charge of a mine near Central City, was in the city Friday and Saturday.

Maj. F. B. Harris Superintendent of the Diamond Mines at Mortons Gap was in the city Saturday.

Hugh Griffin who places hay and maize before semi-annual domesticates at Fox Run Sundayed in our city.

John T. Barnett and Clay Woodruff, mine guards at the Fox Run mines near St. Charles, were in the city Saturday.

Morton Victory, who is weighman at Brent Hart's new mines near Providence, says he is well pleased with his new position.

Our civilized engineers, Messrs.

Kimmel and Brasher put in a day or so last week at Fox run running levels for better drainage.

Elgie Hibbs, of Arnold, No. 11 afflicted his presence upon suffering friends and relatives at Mortons Gap last Sunday, a prospective square meal seemed to be his only excuse for this wanton outrage.

Toombs, Hodge and Cheek scoured the unpracticed citizens of Fox Run with their presence several days last week. The cries of anguish which ascended day and night from the stricken people would have melted a heart of stone.

The proper parties are now fasting and praying over the Arnd fan which in the contiguous future will be thoroughly regenerated and made into a double cast fan which fan be quickly reversed in case of emergency greatly facilitating the ventilation of this famous mine.

Messrs. Caviness and Payne last Saturday installed a pump in the 11 mine which owing to its tremendous capacity is liable to inaugurate a draught in all that subterranean country which lies between the United States and China and will doubtless affect deep wells in latter country.

A small wreck at Victoria last Thursday dragged down several timbers and thereby "Spragged" the wheels of business for a short time, but Superintendent Black and a corps of "Willing Workers" rolled up their sleeves and soon had the heart of business pulsating with its customary energy.

Electrical Savant, Umstead with a battalion of positive and negative wizzards laid healing hands on No. 4 Dynamite at the power house and with impressive ceremonies put the same in ship shape, it having been horse-drawn for some time from a dislocated wrist and some internal complications which the writer from his limited knowledge of civilized lighting (he never has yet been able to tell the time of day by a volt meter) can

not clearly define, but he fixed it O. K.

The heavy rainfall last Thursday night completely covered the track scale at Arnold mine with a deposit of mud so deep that not the slightest trace of a scale was visible next morning but weighman Rhea met the emergency promptly being a water witch of the first magnitude he secured a peach tree switch and proceeded to "trace" out the hidden scale a crew of dignified citizens soon unearthed the buried emblem of justice and Dick proceeded to ascertain the awarudous of emulsus bitumen as business in a mud puddle.

Soldiers in Camp.

The 3rd Regiment K. S. G. have commenced to arrive in camp. Maj. Power executive officer, Capt. Ed walker and two men of Henderson, Maj. S. T. Berry, of Morganfield, and Capt. J. M. Deeweese and two men, of Hartford, arrived in the city yesterday. Lieut. Brick Southworth is commission I officer and Capt. Henry Rogers is captain of small arms. They will all arrive by this afternoon and the practice will commence in earnest.

The boys will be in the range until the 7th, when the 1st and 2nd Regiments come here to form a state team to go to Camp Perry, Ohio, to enter the contest for the national shoot.

Injured by Train.

Omer Carpenter, the seventeen year old son of Andy Carpenter, of this city, was painfully injured Sunday morning by being struck by an engine near Barnsley. He is company with several others had been swimming in railroad pond and were returning home. The remainder of the party had crossed the track and young Carpenter attempted to cross, but the train was closer than he thought and struck him, breaking his leg in two places, his shoulder and cut a painful gash in his head. He was brought to the hospital at this place and his head was dressed. His injuries are not considered dangerous and he is resting as well as could be expected.

Course in Agriculture.

The Western Kentucky State Normal School offers a practical course of study in Elementary Agriculture, demonstration and actual work done on school farm. Teachers will have an opportunity to prepare for teaching the subject. Great opportunities offered young men who expect to make farming a life work. Course begins Sept. 6, 1910. Write for information. Address H. H. Cherry, President, Bowling Green, Ky.

New Rules.

Under a new ruling of the Board of Education all teachers are required to attend the teachers' institute at the county seat or their certificate will be taken away from them. Formerly a small fine was imposed, but now nothing but the attendance of the teacher will do. A doctor's certificate of sickness is the only valid excuse that will be accepted.

Leave for Postmasters.

Washington, July 27.—Acting Postmaster General Garfield has granted leave of absence to postmasters of the third and four classes in Kentucky for as many days not exceeding five as may be necessary to enable them to attend the meeting of the Kentucky State League of Postmasters, to be held at Louisville on September 13, 14 and 15.

Locomotive Blasts

Trainmaster Wise was in Madisonville on business Friday.

Ed Heafner, interurban conductor, who has been in Henderson for the past week, resumed his run Friday.

E. Bramwell, law agent for the main line of the L. & N. rail road who has been visiting in the city, returned home Saturday.

Joe Faulkner, a former con-

ductor on this division, now general yard master for the Southern at Huntingburg, Ind., was in the city Friday.

A washout on the M. H. & E., beyond Moorman, kept the passenger train from here going any farther than that city. They turned their engine and returned here.

An embankment falling in on the L. & St. L., near Cloverport, kept the Louisville papers from reaching here Friday. The trains were indefinitely late at Henderson Thursday and Friday.

Secure a Certificate.

Under the law the Western Normal has the power to issue the ELEMENTARY CERTIFICATE, the INTERMEDIATE CERTIFICATE and the LIFE CERTIFICATE, which entitles the holders to teach anywhere in Kentucky for two years, four years and for life, respectively, without further examination. Information as to the amount of work required for each certificate will be furnished when desired. Fall session opens Sept. 6, 1910. Address H. H. Cherry, President, Western Normal, Bowling Green, Ky.

Illinois Coal Strike.

Chicago, July 30.—Referendum returns show that Illinois miners are voting ten to one against accepting the Indianapolis terms to end coal strike.

Are Doctors Any Good?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. If you have a family doctor, consult him frequently, trust him fully. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you. Ask your doctor, No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

If we did not believe doctors endorsed Ayer's Pills for constipation, biliousness, sickness, headache, we would not offer them to you. Ask your own doctor about this.

Rev. W. C. Wilson, of Pasadena, Cal., former pastor of the M. E. Church at this place, was in the city last week.

Our many telephone operators are pleasantly attentive to business and give the pleasure of that company first class service.

Mrs. E. R. McEuen, who has been quite ill, is improving rapidly and, if able, will go to Bay View, Mich., to spend a few weeks.

Several nice dances were given at Webb's hall last week by the young men of the city to the lady visitors who are in the city. The dance Saturday night was a very nice affair indeed.

The county of Hopkins employs 13 teachers in the public schools.

These do not include the colored teachers, of whom there are at least 30 or 35. Our schools under the efficient A. J. Fox were never in better shape.

Miss Maggie Turner, whose fine china and picture paintings took all the first prizes at the Hopkins county fair, will enter some of her work at the State fair at Louisville, and we feel assured that they will take the blue ribbons, as they are beautiful and well executed.

The severe wind, during the rain yesterday, blew down a new boat dock foundation and threw the boats around, but did no damage to any great extent.

They were gotten out Saturday and men will at once commence to repair it and place it back on its foundation.

Work is being pushed on the new brick sidewalk in front of the city hall and library stable. This is a correct move and we should have them in all parts of the city.

Oley Vanney and Will Davis, two clerks of the St. Bernard store, will spend several days this month en route to Evansville. On Wednesday party soon leave for a trip to Niagara Falls. He gives carefully conducted tours every year.

The dangerous practice of jumping off and on moving trains should be stopped. Every Sunday a crowd of boys, mostly from the city and barns, spend the afternoon at that place, it being outside of the city limits.

The county officials have issued a circular to the parents and save the limbs of life of some.

The parents should cooperate with the officials and keep their children home from where they are and in the way they are spending their time.

Neal Spillman, Friday night during the storm while preparing to take a bath, was shocked by lightning and thrown across the bathtub.

It was several minutes before he recovered. His fingers on his left hand were numb for several days and Neal was very badly frightened for awhile.

Keep my own away from me.

Serene, I fold my hands and wait;

For no more 'gainst Time and Fate;

To it! to my doth come to me.

I stay my haste, I make delays,

For what avails this eager pace?

I stand amid Eternals Ways,

And what is mine shall know my face.

Asleep, awake, by night or day,

The friends I seek are seeking me;

No wind can drive my my barge astray.

Nor change the tide of destiny.

The stars come mighty to the sky;

The tidal wave unto the sea;

No time, nor space, nor deep, nor high,

Can keep my own away from me.

Serene, I fold my hand and wait,

What'er the storms of life may be;

Faith guides me up to Heaven's Gate,

And Love will bring my own to me.

A Wonderful Invention.

Owensboro, Ky., July 30.—

Willivans is the inventor of an ice box, to be called a cold storage ice box, which is to op-

erate without the use of any ice.

It is to be on the same principle

as a cold storage room or an ice factory, and by running coils

through the box and by the use

of ammonia and brine, the box is

kept at a freezing temperature.

This is done without the use of

ice and Mr. Williams thinks will

prove a great success. He ex-

pects to secure a patent on it.

Great - August - Clearance - Sale

Our object in having a sale of any character or name is to force the business of three or four months under normal conditions into ten days or two weeks. To accomplish this we must have something extraordinary in merchandise or low prices to invite the attention of the great buying public to, and this "Great Buying Public," bless its heart, is so often approached on all sides by those who have only its welfare at heart (?) that its refusal to respond to the heart melting pleadings in many instances is not to be wondered at. In fact, we believe our people are growing tired of the word "sale," and we are glad of it, for as a rule there's not much to it.

But, ladies and gentlemen, in our case it's different. If you will trace your thoughts backward you will find we have not attempted anything in the sale line since our Winter Clearance Sale. Have not been ding-donging at you about our white goods sale, our black goods sale, our blue goods sale, our red goods sale, or our embroidery and lace curtain sale; no, we have been letting the "other fellow" attend to you along these lines while we have been slowly sawing wood with an eye single to this AUGUST CLEARANCE SALE, the success of which we knew depended upon A GREAT SACRIFICE, and when we say a great sacrifice WE DO NOT MEAN we are to sell you a spring 1910 Twenty Dollar Suit for \$1.98 or anything like that, Oh! No, and you would have no confidence in us if we were to advertise such rot. But we do want you to decidedly understand we are too heavily loaded with new merchandise on which we are more than glad to offer a saving of from 20 to 33 1/3 percent and on accumulations of several seasons, we are offering in this "August Clearance Sale" sacrifices that are incredible, but it is a condition not a theory that faces us, "WE HAVE GOODS—WE NEED MONEY"—we must have money—we have to have money, and to force money out of the public's purse we must offer UNMISTAKABLE INDUCEMENTS, which we are certainly doing during this August Clearance Sale. Please read very carefully and then come reap the harvest.
